Good Taste in Furniture For the Dining Room

Furniture that is not "fussed up" to sell, but that will be found exactly as it appears, namely, true to the heart in wood, workmanship and design—the trinity that makes good furniture. As families of the future sit around the board, they will bear the same love for these dining room examples as is bestowed on heirlooms like old silver, tapestries or family jewels. It is of dining room pieces of this nature that you and we are most concerned about in this announcement.

Our furniture is not sold on the argument of price, but on the self-evident proofs we present that quality meets price and therefore gives you full value received. We shall consider it a favor to be allowed to show you these new and "different" designs in dining room furniture.

Our Early Models

In our early display of Coats and Suits, we are always able to get some nobby and very catchy models that we are never able to duplicate later in the season.

This season is no exception. We can surely show you some values in these new garments that will appeal to you as possessing that degree of style and individuality that relieves that sameness of design.

In the better models we are not showing duplicates, and you will find just as large a variety of different cloths as you will design and cut of models.

We want you to come in and try them on while we can give you good attention.

Ladies' House Dresses.

This is the weather that naturally brings ladies' attention to her spring wardrobe and one of the first things is her House Dress. If she has to make it, she is anxious to get the goods selected while the patterns are new and the stock is full.

If she is going to buy them ready-made she is anxious to see the line when it is first in, as that is the time when she gets the best selection.

We have just received about 25 new patterns in House Dresses. These are the Princess and the Good Service makes, which are guarantees as to the quality and style and fit.

At \$1.25 is a very good Percale House Dress that is made up in a very neat, plain style.

We have just received a fine All-Wool Serge Dress that we are putting out at \$5.50.

The New Suits

The new Spring showing of Suits is the most attractive and in many ways the most dressy of anything that has been shown for many seasons. The lines are very graceful, the jackets being made long shoulder, with the front and back cutaway to conform to the drape and finish of the skirt.

We have a line of Serge Suits that are made in plain tailored style with the peg top skirt. Coat is lined with a good satin. This Suit is a very good value at \$12.00.

At \$18.00 we are showing a good line of Suits that are made in fine serge and a variety of the new materials, are made in the new drop-shoulder style coats, and the new peg-top skirt.

At from \$20.00 to \$30.00 we have one of the largest and best displays of sample Suits, all different models, that are new and extremely nobby. These Suits are made up in the season's best shades, and from the season's new cloths, such as Coconut Cloth, Crepes, Waffle Cloth, Crepe Poplins and fine Whipcords.

The New Coats

The new Spring Coats are surely very attractive this season. They are made in a large variety of new and attractive models. Never in one season were we able to show so large and complete a line and not have to show you more than one or two of a style. The cloths too are very attractive, coming in so many neat and new weaves. The many new shades, such as Plumcot, Egyptian, Burnt Orange, Peridot, Morning Glory, Sulphur, Pistachio, Willow Green, Rust, Sage Green, Biscuit Snuff and Mignonette, are very attractive. Navy Blues and Black will be as good this season as in seasons past.

Every day now there are new Coat values coming into the department, and we will be able to give you anything you may want in color and price.

Come in and see the new Woolltex models. This is a Coat you can take as the standard to measure other qualities and styles.

We have just received some Silk Waist values that are very new and of a quality that will appeal to those who want a good business. Waist that has the style and service. These are in a quality of silk that will wash as well as cotton and look as good as new.
